

# It is all good design, quality, delivery and cost.

AGL  **envirotank**

## EnviroContainer

AGI Envirotank Ltd builds large rectangle tanks right here in Canada. So why purchase tanks built in China sold via the Aussies or the Brits when you can buy Canadian? We are Canadian. We pay Canadian taxes. We employ

Canadians. Our tanks are built with Canadian steel. Canadian tanks at the same cost as Chinese tanks because we sell direct.

### Case Study

Ask us about the tank AGI repaired for CNRL that was sold to CNRL via the Aussies who had no repair facility in Canada. During AGI's repair of this China fabricated tank AGI made a serious discovery ....

### Features

ULC or UL listed

The lockable integral cabinet is secure using shipping container hardware. All ports and fittings are secure. The cabinet catches all spills and drips.

The double-walled, fully contained design eliminates the need for secondary berms, dikes or liners.

The **Enviro**Container is built to ISO Container Dimensions and has shipping container corners where I-Beam skids can be locked to the tank.

### Dimensional Chart

Capacity Litres	Length	Width	Height	Features
31,400 L	238.5"(6058mm)	95.984"(2438m)	114"(2896mm)	cabinet & platform
68,800 L	479.84"(12188)	95.984"(2438m)	114"(2896mm)	cabinet & platform
83,500 L	575.98"(14630)	95.984"(2438mm)	114"(2896mm)	cabinet & platform
